

PRODUCT INFORMATION

CR 65 SHA RUBBER SHEET

BENEFITS

CR 65 ShA is a basic rubber sheet.

MATERIAL

- CR, black

SPECIFICATION

| | |
|----------------------------|-----------------------|
| Hardness Shore A | 65 ShA ±10 |
| Density | 1.7 g/cm ³ |
| Tensile Strength | 1.5 MPa |
| Elongation at Break | 130% |
| Thickness | 2.0 mm |

| TEST | RESULT |
|---|-------------------------------|
| Hot air aging performance - Test 24 hours at 70°C - Tensile strength reduction rate <30 - Elongation reduction rate <30 | 12% strength 7% elongation |
| Tensile Strength - Test | 2 MPa |
| Elongation at Break - Test | 150% |
