

PRODUCT INFORMATION

ASFILPLAN 120 WT GASKET SHEET

BENEFITS

ASFILPLAN is a gasket sheet made from mineral fibres.

The gasket plate is particularly suitable for use at high temperatures, especially in thermal insulation.

MATERIAL

- Mineral fiber, light

SPECIFICATION

Density	1,03 g/cm ³
Temperature	1100°C
Thickness	2, 3, 4, 5, 6 og 8 mm

Resistant - Oil	Moderately suitable
Resistant - Gasoline	Moderately suitable
Resistant - Acid	Moderately suitable
Resistant - Alkali	Moderately suitable
Approvals	DIN 1094-1 (The values apply to 5 mm thick gasket sheets)
